## WWTF Vienna Research Groups for Young Investigators Call 2015 "Computational Biosciences" Focus and Key Facts

The sixth call of the Vienna Research Groups programme encourages scientific research on the topic of "Computational Biosciences". The call addresses universities and research institutions in Vienna.

### Main characteristics of a Vienna Research Group:

- A Vienna Research Group is typically the **first "genuine" group** led by a young researcher who undertakes leadership responsibility for several group members. It enables the group members to take the next step in their careers.
- Vienna Research Group leaders are usually **two to eight years** after PhD; care duties may extend this period up to four years.
- Vienna Research Group leaders are **independent** in designing their research work and recruiting their staff.
- The prospective host institution in Vienna provides a **clear-cut career plan**.
- Particularly in the second phase (i.e. years 6, 6-7 or 6-8) the home institution supports the Vienna Research Group by way of **increased contributions** (in addition to the WWTF funding).

### Important facts about the call:

- The call process comprises the submission of a concise proposal and a hearing of selected candidates. Note that this call uses a single stage procedure.
- A job announcement—e.g. in a high impact journal that is relevant for the topic and/or via professional societies/ mailing lists—is obligatory.
- The successful appointment of a woman will be rewarded with a financial benefit for the Vienna host institution in order to support their gender mainstreaming activities. WWTF also offers support in dual career advice.

<b>Schedule:</b>	<u>Proposal Deadline</u>	<u>July 15, 2015, 2pm</u>
	<u>Hearings &amp; Jury Meeting</u>	<u>December 2015</u>
	Announcement of Results	December 2015
